Synthetic Lending Policy - PDF Chunking Example
This fixture is fictional teaching content, not legal or financial advice.

Section 1 - Payment review
A captured payment may be reviewed when the request is within the configured window.
Confirm the synthetic payment reference before discussing next steps.

Section 2 - Evidence
Record the synthetic payment ID, requested amount, and short reason.
Example reference: pay_TEST_4421. Never use real customer or bank identifiers.

Section 3 - Escalation
Escalate unknown or conflicting states to a human reviewer.
Do not state that a refund was processed until a system confirms it.
